

MAPPING CONNECTIONS

An understanding of neurological conditions in Canada

Report of The National Population Health Study of Neurological Conditions

More than

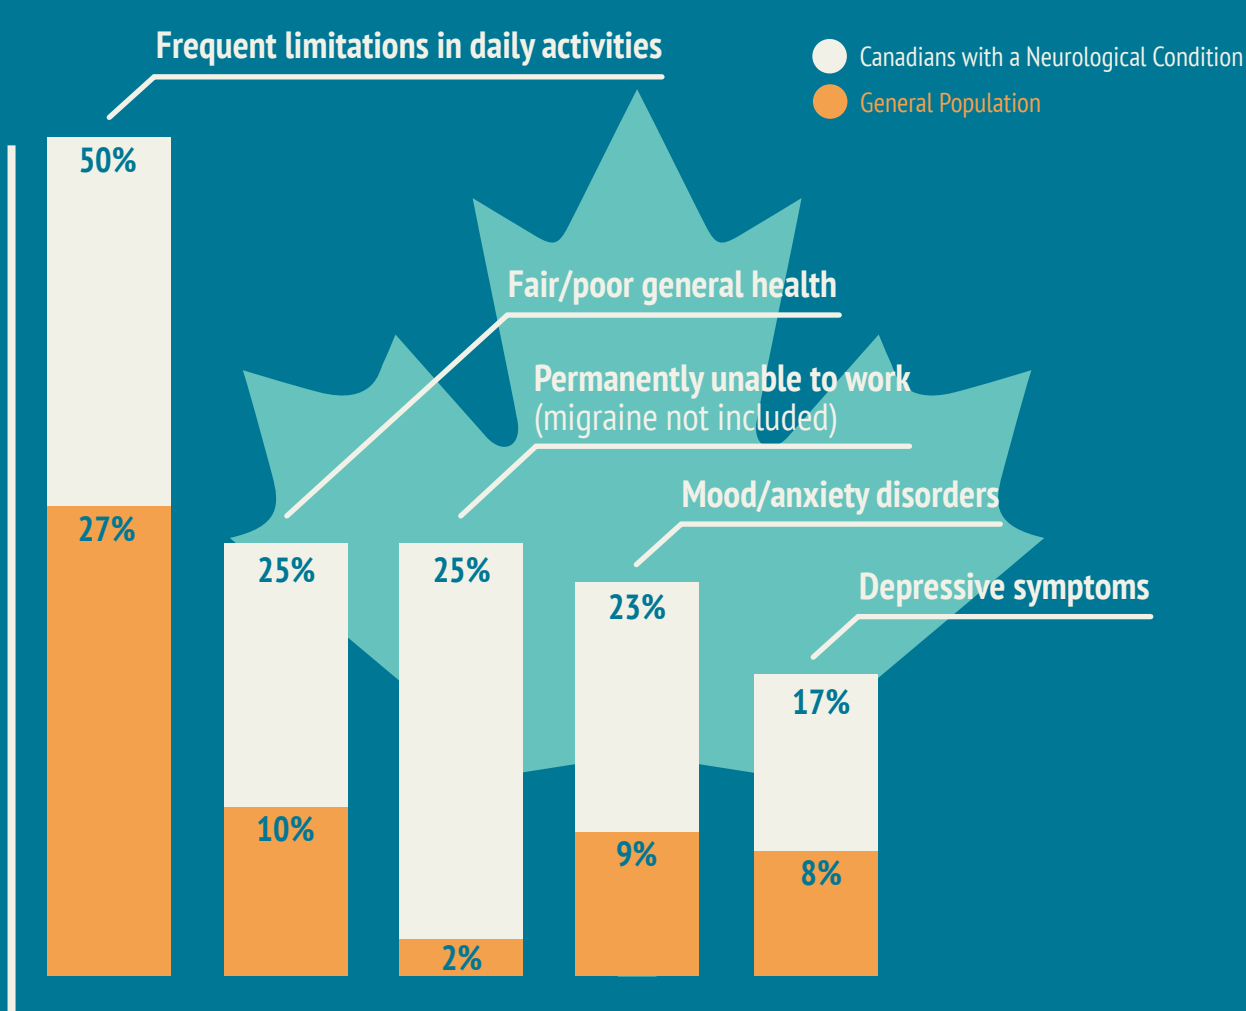

3.6 MILLION

CANADIANS are estimated to be living with a **NEUROLOGICAL CONDITION***

NEUROLOGICAL CONDITIONS

can impact mental health, general health and financial security

BY 2031:

More **Canadians** with **NEUROLOGICAL CONDITIONS** will experience

SEVERE DISABILITY

and require care from **FAMILY** and **FRIENDS**

The number of people with **ALZHEIMER'S** disease and other **DEMENTIAS**, and **PARKINSON'S** disease, will

DOUBLE

HEALTH CARE COSTS will be

\$13.3 BILLION

GREATER for Canadians with **NEUROLOGICAL CONDITIONS** compared to those without (depending on the condition)

Production of this graphic has been made possible through a financial contribution from the Public Health Agency of Canada
